Dear Mr. Engle,

How nice to hear from Amherst, Class of '28!
I thank you for your letter and am pleased that you think
some of that excellent Amherst training came through
on my Face the Nation appearance.

I had only been in this job ten days when I went
on that TV program. Your supportive comments are,
therefore, especially reassuring.

Thank you again for your thoughtful letter and
invitation to visit St. Louis.

Yours sincerely,
